Item R-2 
Proposed Naming of the Laneway East of Eva Avenue, Sudbury

Report dated March 17, 2008 was received from the Executive Director, Administrative Services regarding Proposed Naming of the Laneway East of Eva Avenue, Sudbury.

The following recommendation was presented.

Dutrisac-Rivest: THAT the laneway east of Eva Avenue running north of Jean Street as set out on Plan of Subdivision M-100 be named Evita Lane and the three houses having their sole access to this laneway, known as 472, 478 and 488 Eva Avenue be renumbered as 472 Evita Lane, 478 Evita Lane and 488 Evita Lane respectively;

AND THAT the necessary by-law be prepared.

The Committee agreed to defer the motion until letters were sent to the owners of the affected properties asking their concurrence or suggestions on a proposed name change.
Item R-2
Proposed Naming of the Laneway East of Eva Avenue, Sudbury (continued)

The Committee agreed that the naming of the lane would not include the lane south of Jean Street.

The Committee agreed that the sign presently located at the lane providing directions to 472, 478 and 488 Eva Avenue would remain but changed to the new name.

Procedure

The City Solicitor suggested that the Committee should develop a procedure to deal with street name changes. Some items to consider included:

- if a property owner requests a name change perhaps the owner should canvass the neighbourhood for support and if the City requests the name change, the City will contact the owners
- if City requests a name change, does the City contact the residents for input in suggesting a name
- notice to residents is imperative
- if a street name change requires notice, sufficient notice should be provided
- empower the residents - if they are involved they will be more accepting of change
- a list of acceptable street names and the policy should be made available to the public
- request should come to the Committee to decide if it complies to the policy or is frivolous
- should house number be changed at the same time as street name changes
- a weighted scale be developed to includes items such as history, number of businesses, number of residents, number of street signs, etc.

The City Solicitor indicated that, once a procedure is in place, the simple requests for a name change can be dealt with quickly.

The City Solicitor advised that a report regarding procedure will be prepared and presented to the Committee at the next meeting.

He suggested that the items on the pending list, which was circulated at the meeting to Committee Members, should be dealt with once the procedure and notice policy is in place.

It was suggested that a map which highlights the duplicate street names be prepared.
