Second Level Response: The facility permit holder will be sent a registered letter stating that they will lose all scheduled facility bookings for a three month period, including fees related to their permit and are suspended from eligibility for permits at any municipal property for the same period of time. After the suspension period is over no new facility permits will be issued until the user meets with City staff to review the policy and to discuss how they will ensure that all rules will be complied with in the future.

Third Level Response: The facility permit holder will be sent a registered letter stating that they are suspended from organized use of all municipal facilities for a period of one year and any scheduled bookings are cancelled without refund. After the suspension period is over no new facility permits will be issued until the user meets with City staff to review the policy and to discuss how they will ensure that all rules will be complied with in the future.

7. Policy Monitoring and Revision

This policy will be reviewed routinely in conjunction with the Special Events Policy Manual to consider changing community needs, changes to municipal facilities and programs, and legal advice.
