BACKGROUND:

The attached list consists of 1,088 possible street names. It is recommended that the Committee adopt this list for future use.

In the past, some of the former Municipalities, most notably the City of Sudbury, kept such a list and added to it from time to time. The list could then be used by Subdividers and Developers when creating new streets, or the Subdividers and Developers could suggest their own names.

The names in the attached list consist of the names from the previously approved list of the former Municipalities, once duplicate names had been removed. As well, several historic and local names have been added, often on suggestion from members of the public.

Sudbury ON P3C 5N4

Chers Messieurs et Mesdames,

La Ville du Grand Sudbury va de l'avant avec son projet d'élimination de noms de rues répétitifs dans la nouvelle ville. Dans le cadre de ce projet, on se penchera sur les noms de rues qui portent présentement à confusion pour les Services d'urgence et la population en général.

Nous souhaitons compiler une liste de nouveaux noms qui permettraient de remplacer les noms de rues actuels; nous conserverons également cette liste, qu'il sera également possible d'utiliser pour nommer les rues des nouveaux lotissements.

Si vous avez des noms de gens en tête qui, d'après vous, ont apporté une contribution à votre organisme ou à la ville en général, veuillez nous en faire part puisque nous tiendrons compte de vos recommandations. Les noms de pionniers de notre collectivité nous intéressent particulièrement. Nous pourrions leur rendre hommage, si minime soit-il en nommant une rue en leur honneur.

Nous avons hâte de connaître vos suggestions et nous vous remercions de votre participation.

Le directeur des Services juridiques et avocat municipal,

Dear Sirs:

Re: Street Name Changes

The City of Greater Sudbury is undertaking a project to eliminate redundant street names. For safety measures, we will be looking at streets that presently cause the most confusion to emergency services.

We are interested in compiling a list of new names that could be used and will be kept on file for new development as well.

If you have names of individuals you feel have made a contribution to your organization or the City as a whole, we would be interested in hearing from you and will consider your recommendations.

We look forward to hearing from you and thank you for your input.

If you have names of individuals you feel have made a contribution to your organization or the City as a whole, we would be interested in hearing from you and will consider your recommendations. We would especially be interested in names of those who acted as pioneers in our community, who could be honoured in some small part by having streets named after them.

We look forward to hearing from you and thank you for your input.

Yours very truly,

I know there is a committee looking at renaming all the repetitive street names in Greater Sudbury. Is this to avoid confusion in the case of a 911 emergency call.

Could we save money and heartache by attaching a code letter to the street name such as Notre Dame A meaning in Azilda, Second Avenue SU meaning Sudbury core.

. Could not these designations be imbedded into the 911 system. Don't we have GPS capabilities that show where the call is coming from. Do we really need to hash out who deserves to keep a long standing community street name? I smell a problem when these streets are changed given the current climate.

Just a thought
