COMMUNITY DELEGATIONS

Item 4
Long Term Care Homes Act (Bill 140)

Ms. Claire McChesney, Administrator, Finlandia Nursing Home provided the Members of Council background information regarding Bill 140. She asked that Council support their request that the Ministry of Health and Long-Term Care remove the uncertainty that Bill 140 creates for Finlandia's future, to strengthen their ability to provide the care and services the residents need and to increase staff's ability to be a system solution.

The Long Term Care Homes Act, 2006 provides the opportunity to establish a strong foundation, a modern accountability framework and a positive culture for long-term care in Ontario. In its current form, the Act creates a "shaky foundation due to the uncertainty of the licensing scheme, it establishes a one-sided accountability framework and creates a culture of blame and shame and micro-management".

She indicated that Bill 140 was reviewed in detail and amendments made by the Ontario Long-Term Care Association which will improve legislation for residents and staff. The goal of this presentation is to encourage the government to make changes to the Act so that there is a solid foundation, fair and attainable accountability processes and positive culture.

Ms. McChesney reviewed some of their concerns and provided examples of issues such as licensing, enhanced resident care, increased paper work, processes and doctrine of absolute compliance, graduated sanctions, work and activity orders, financial penalties, and lack of commitment to fund residents' needs.

Item 4
Long Term Care
Homes Act (Bill 140)
(continued)

The following resolution was presented:

AND WHEREAS there are proposed standards that will need to be reviewed and amendments made in order to improve Bill 140;
