RE: MUNICIPAL ACT:

A new Municipal Act is on the minds of every Municipality in Ontario and AMO has been working with the Province and the new Minister to keep them abreast of the municipal perspective. We now need an Act that will give autonomy to Municipalities, an Act that will meet our needs.

Tonight we have the opportunity to ask the CEO of AMO where things stand in negotiating a New Municipal Act that will be beneficial to all Municipalities in Ontario.

Please use this valuable time to question Mr. Moyle on the new Municipal Act, or on any other issue AMO is involved with.

Respectfully,

A handwritten signature in black ink that reads 'Mike Petryna'.

Mike Petryna
Councillor Ward 6
Vice-President, AMO

Attention: City Clerk

Dear Mr. Mowry,

I would like to request that I be able to make a presentation to council at the May 8th meeting on the upcoming SummerActive campaign. SummerActive is a major national campaign designed to increase awareness about the importance of physical activity to health as well as a range of other issues. Provincially, the campaign is an important community based public education and promotional initiative that is part of a balanced strategy to increase levels of physical activity by less active Ontarians.

The presentation will last approximately 10 minutes and will outline the purpose of the campaign, its goals, key themes, intended outcomes, the national contest and SummerActive events to be held throughout the City of Greater Sudbury.

I would also request that I be allowed to have a demonstration of stationary cycling take place for the councilors.

I will require a LC projector for the presentation (power point program) as well as a screen to project the images on to. I will provide my own laptop.

Thank you for your consideration,

Subject: Sudbury Child Care Services Strategic Plan

Department Review:

Mark Mieto
General Manager,
Health and Social Services

Recommended for Agenda:

J.L. (Jim) Rule
Chief Administrative Officer

Report Authored by: Kate Barber, Policy/ Community Developer

Recommendation:

WHEREAS the Ministry of Community and Social Services has directed municipalities to prepare three year child care service plans according to the requirements set out in the document "Framework for Child Care Service Planning"; and

WHEREAS the attached draft of the "Sudbury Child Care Services Strategic Plan" has been prepared with community consultation according to the requirements; and

WHEREAS before submitting the plan to the Ministry of Community and Social Services, it must be endorsed by the local council;

BE IT RESOLVED that the "Sudbury Child Care Services Strategic Plan" in the General Manager's Report dated April 10, 2001, be accepted and submitted to the Ministry of Community and Social Services for consideration; and

THAT the Ministry of Community and Social Services be strongly encouraged to reconsider their position on wage subsidy funding and, if the proposed increase is approved by the Ministry of Community and Social Services, that wage subsidy be given priority in Council's 2002 budget deliberations.

EXECUTIVE SUMMARY

On October 1, 1999, the Province transferred the responsibility for management of the child care system to the municipal level. At the same time the province required that each municipality develop a Local Child Care Plan to address gaps and or overlaps in the delivery of services. Work to complete this task was initiated in April 2000 and has involved the collection of demographic and service data, consultation with parents agencies and community services as well as an analysis of the current trends and service demands.

The plan identifies service management strategies which meet the majority of the system pressures within the existing budget. The three areas where additional funding would be required to meet the pressure are Ontario Works child care, wage subsidy, and administration increases. These strategies will require the Ministry of Community and Social Services approve and cost share the additional expenses. The plan recommends that Council approve the plan including the Ontario Works and administration increases contingent on Ministry of Community and Social Services cost sharing and that Council strongly encourage Ministry of Community and Social Services to approve the additional wage subsidy expenditure, and if approved, give this issue priority in 2002 budget deliberations.

Background:

The Draft Sudbury Child Care Services Strategic Plan (Child Care Plan) has been prepared by Children Services staff. The preparation of the plan began in April 2000 and has involved the collection of demographic and service data and consultation with parents, child care agencies and community services.

The main objective of the Child Care Plan is to plan for the delivery of the four Ministry mandated child care programs (Child Care Fee Subsidy, Special Needs Resourcing, Wage Subsidy and Family Resource Programs) based on local community needs. This planning is to take place within the context of the wider child care system including education, recreation and social services.

Child Care Plan Highlights

Child Care Plan data indicates the following trends and issues in Greater Sudbury's child care system and has identified service management strategies to respond to them:

4

1. While Greater Sudbury has been successful at meeting its child care subsidy service targets, the City has consistently had unspent dollars in its fee subsidy budget. This creates opportunities to allocate unspent dollars to respond to unmet community needs.
 - a. The Child Care Plan has identified specific areas where these dollars can be allocated to respond to community needs and has been able to meet many community needs within this existing budget.
2. Greater Sudbury has seen increasing use of child care by Ontario Works recipients and expects that this trend will continue.
 - a. The Child Care Plan proposes an annual budget increase of \$50,000, starting in 2002, to be cost shared with Ministry of Community and Social Services, to meet this pressure.
3. Employment trends and changing family structures have created an increased need for child care outside of the usual 9 to 5 Monday to Friday schedule.
 - a. The Child Care Plan proposes that \$150,000 from the fee subsidy budget in 2001 be allocated to assist child care centres to create evening and weekend child care programs to serve the needs of parents working in the IT and health sectors.
4. Child care is not provided equally throughout the City of Greater Sudbury, with some geographic areas and language groups being seriously under-served. Parents need more child care choices.
 - a. The Child Care Plan has identified specific geographic areas and under-served language/ cultural groups which require more child care and will support child care centres to expand service to those populations/ areas.
 - b. The Child Care Plan also proposes that \$100,000 from the fee subsidy budget in 2001 be allocated to expand options for parents by making Recreation and Camp Programs eligible programs for child care subsidy.
5. Approximately 90% of families in Sudbury are not using the licensed child care system. Family Resource Programs exist to provide support to these families with play groups, parenting workshops and supports to informal child care providers but the current funding is insufficient to serve this large group.
 - a. The Child Care Plan proposes that \$300,000 from the fee subsidy budget be allocated to expanding Family Resource Programs (FRPs) to neighbourhoods not already served by an FRP and to expand the types of programs that FRPs offer to informal child care providers.

- b. The Child Care Plan also commits to supporting Family Resource Programs to take a leadership role in developing partnerships with other agencies to apply for to existing funding sources (i.e. Early Years Challenge Fund) to further expand their programs.
- 6. The umbrella model developed for the provision of integration services for children with special needs is seen to be a cost effective way of providing services to child care centres and families. As the number of children participating in child care programs increases, resources need to be increased for special needs in order to maintain the level of service currently provided.
 - a. The Child Care Plan proposes that \$100,000 from the fee subsidy budget be allocated to increasing support for the integration of children with Special Needs into new programs developed through these initiatives, including evening, weekend and recreation programs.
- 7. A quality child care system depends on quality staff who are paid fairly for their work. Existing wage subsidy programs were created based on the recognition that child care services funded solely by parent/subsidy fees are not able provide adequate staff salaries. The current child care funding structure does not address the wage subsidy pressures of Greater Sudbury's child care system. An increase in base budget funding would be required to ensure that all child care workers can receive a fair wage.
 - a. The Child Care Plan proposes that \$80,000 from the fee subsidy budget be available so that centres are able to increase their per diem child rates to reflect staff salary increases and other approved costs.
 - b. The Child Care Plan proposes that \$140,000 from the 2001 fee subsidy budget be allocated to one-time wage enhancements to start to address the most serious wage subsidy inequities in the child care system and that the Wage Subsidy Committee of the City of Greater Sudbury Child Care Committee develop an equitable system of wage subsidy distribution and reporting.
 - c. The Child Care Plan has identified a financial pressure of \$700,000 for wage subsidy which cannot be addressed within the existing budget. The Child Care Plan has requested this funding pressure be addressed by the Ministry of Community and Social Services. The municipal share if approved by Council in 2002 would be \$140,000.

The Child Care Plan has been successful at addressing the majority of identified community needs and pressures within the existing budget by shifting traditionally unused fee subsidy dollars to other areas.

Several system pressures were not able to be met through existing budgets. The child care plan is requesting additional funding in the following areas:

1. Ontario Works child care budget increased by \$50,000 in each of 2002 and 2003: cost to be shared 80/20 by province and municipality
2. Administration budget increased by 2% in each of 2002 and 2003 to reflect mandatory increases: cost to be shared 50/50 by province & municipality.

As demonstrated below, these requests will have a funding impact of \$16,329 in 2002 and \$32,083 in 2003 for the City. The City funding is contingent on Ministry of Community and Social Services approval of the additional funding required from them based on cost sharing formula.

Municipal Financial Impact for Increases to Ontario Works Child Care and Administration

		2001	2002	2003
1	Total Expenditures at 80%	9,141,511	9,191,511	9,241,511
2	Total Expenditures at 50%	632,977	645,636	658,549
3	Total Expenditures (A)	9,774,488	9,837,147	9,900,060
4	Total MCSS Revenue at 80%	7,313,208	7,353,209	7,393,209
5	Total MCSS Revenue at 50%	316,489	322,818	329,975
6	Total MCSS Revenue (B)	7,629,697	7,676,027	7,723,184
7	Municipality Share (A-B)	2,144,791	2,161,120	2,176,876
8	Municipal Increase	0	16,329	32,085

The Child Care Plan has identified a financial pressure of \$700,000 to address wage subsidy needs and has requested this increase in order to ensure a quality child care system. MCSS has indicated that they will not be accepting requests for additional funding in the area of wage subsidy. By submitting the Child Care Plan requesting the additional funding, Council is asking the Ministry of Community and Social Services to reconsider this position. OMSSA is also lobbying on behalf of all municipalities for a provincial increase to wage subsidy funding throughout the province. If Ministry of Community and Social Services funding for wage subsidy is approved, Council will give priority to this area in budget deliberations for 2002.

After council approval, the Child Care Plan will be submitted to the Ministry of Community and Social Services for approval and will be implemented by Children Services Staff.

Report Authored by: T. Mowry, City Clerk

Recommendation:

1. This Council grants permission to Laurentian University and the Canadian Cancer Society for a fireworks display for the Relay for Life to be launched from a wooded area to the west of the Laurentian University Track on June 1st, 2001 at 12:00 midnight. This approval is subject to the attendance of one or more licensed individuals for the purpose of setting off the fireworks, as required by the Fire Prevention Department.
2. This Council grants permission to Science North for a fireworks display for the Canada Day Festivities to be launched from the parking lot between the boat launch and the Navy League facilities over Ramsey Lake on July 1st, 2001 at 10:30 p.m. and no later than 12:00 midnight over Ramsey Lake. This approval is subject to the attendance of one or more licenced individuals for the purpose of setting off the fireworks, as required by the Fire Prevention Department.

Background:

Attached is a copy of a letter dated May 2nd, 2001 from Glenn Warren of Spectacular North Fireworks Company, requesting Council approval of a fireworks display for the Canadian Cancer Society Relay for Life on June 1st, 2001 and for the Canada Day Festivities at Science North on July 1st, 2001.

The fireworks displays will take place as follows:

- 1) **Canadian Cancer Society Relay for Life: Friday, June 1st, 2001** at approximately 12:00 p.m. from a wooded area to the west of the Laurentian University track as shown in the attached drawing.
- 2) **Science North Canada Day Festivities: Sunday, July 1st, 2001** at approximately 10:30 p.m., and no later than 12:00 midnight, from the parking lot between the boat launch and the Navy League facilities over Ramsey Lake.

The Sudbury Fire Department has no objection to the fireworks displays provided that one or more licensed technicians will be in attendance for the purpose of setting off the fireworks.

As requested by Council, details of the clean up following the event are set out in the attached correspondence from Spectacular North Fireworks Company.

The foregoing resolutions have been placed on the Agenda for your consideration.

MEMO TO: City of Sudbury
Attention: City Clerk

FROM: Glenn Warren
Spectacular North Fireworks Company
Sudbury, Ontario

Subject: Request for authorization to undertake two (2) fireworks shows, one on June 1st and the other on July 1st, 2001.

Please consider this letter as a request to set-up and fire two fireworks shows in Sudbury.

The first show is planned for June 1st at Laurentian University. This show will be part of the activities to compliment the Scotiabank Group and the Canadian Cancer Society Relay for Life that is a major fundraising event with the proceeds going towards cancer research. Spectacular North Fireworks in conjunction with Hands Fireworks will provide product and labour as a contribution to this very worthwhile event. Many citizens from around the area will be on hand to participate in the relay and to provide entertainment for those people supporting the event. The show will be fired at 12:00 p.m. Several licensed pyro-technicians will be on site to assist.

The second show will take place on July 1st as part of the Canada Day festivities at Science North. The firing site will be the same as in the past. The parking lot between the boat launch and the Navy League will be the primary firing location. Two ore more licensed pyro-technicians will oversee the set-up, firing and teardown of the show. This show will take place at approximately 10:30 p.m.

Both sites will be cleaned up after the event has occurred by the organizers and the fireworks crews.

Security will be available at both sites and the fire department will be notified of the events and provided with site plans. It is my understanding that both the fire and police departments have entered teams in the Relay for Life event.

Thank you for your attention to this matter.

Glenn Warren
Spectacular North Fireworks Company

As supplementary information regarding the site clean-up at Laurentian, there will be approximately 25 volunteers who will be responsible for site clean-up after the event. Security will be provided by the organizing committee who have arranged for assistance by the Sudbury Regional Police Department.

The Canada Day firing site will be cleaned up by the fireworks crew and volunteers from Science North. A preliminary site clean-up will be undertaken immediately after the show and a crew will return to the site the next morning to do a final inspection and finish the clean-up process.

Insurance coverage for the events will be provided by the Spectacular North Fireworks Company. Spectacular North Fireworks carries \$ 5 million in liability insurance. Science North will have a separate policy covering events on their site. The City of Sudbury will have coverage under the Spectacular North Fireworks Company policy.

**Subject: Noise Exemption - Former City of Sudbury Municipal Code
Harvesters of the Grace Outreach Ministries**

Department Review:

Doug Wuksinic,
General Manager of Corporate Services

Recommended for Agenda:

Jim Fule,
Chief Administrative Officer

Report Authored by: R. Leblanc, M.L.E.O.

Recommendation:

This Council has no objection to the granting of an exemption to Chapter 776 of the former City of Sudbury Municipal Code (Noise By-law) to Harvesters (Grace Outreach Ministries) for their annual fundraiser event to be held on May 21st, 2001 from 10:00 a.m. to 4:00 p.m. at the Commerce Centre at 43 Elm Street, in the City of Greater Sudbury;

And further that this approval shall be subject to the following conditions:

1. That the special event organizer shall ensure the provision of adequate clean-up of the site and those properties adjacent to the event area no later than 12:00 o'clock noon on Tuesday, May 22nd, 2001;

2. That all Ontario Fire Code regulations must be adhered to, in particular, with respect to Section 2.8 that indicated a Fire Safety Plan is required for this event;
3. That no bonfires of any kind, barbecues or similar types of cooking devises shall be operated on the site without the consent of the Fire Chief, and that an approved fire extinguisher be provided for each of the foregoing;
4. That when outdoor amplified sound equipment is in use, all speakers and speaker stacks shall be positioned to tilt downward into the crowd versus projecting straight over the crowd or adjoining properties;
5. That the special event organizer, or his designate, must be present on the site during the entire duration of the event.

Background:

A request has been submitted by Donald Shea on behalf of Harvesters of the Grace Outreach Ministries for an exemption from Chapter 776 of the former City of Sudbury Municipal Code (Noise By-law).

The request is made to facilitate their annual fundraiser which will be held on May 21st, 2009¹ at the Commerce Centre at 43 Elm Street with an anticipated attendance of 500 people. The hours of operation will be from 10:00 a.m. to 4:00 p.m. There will be a barbecue, entertainment (live band) and an information table.

In accordance with Council's policy, this application was circulated to the Fire Chief, Police Chief, Director of Leisure Services, Co-ordinator of Traffic & Parking and the City Solicitor. No objections were received.

The foregoing resolution has therefore been placed on the Agenda for your consideration.
