

The image shows a software dialog box titled "Designators". It contains a list of designator types on the left and their corresponding symbols in text boxes on the right. The symbols are: "." for Line, "-" for Curve, "+" for Close Line, "*" for Join Last Shot, "#" for Bearing Close, "=" for Cross Section, "!" for Stop Line, and "/" for Command Indicator. Below these is a section titled "Command Aliases" which includes "Rectangle:" with "R", "Circle:" with "C", and "Feature Line:" with "FL". At the bottom are "OK" and "Cancel" buttons.

Designator Type	Symbol
Line:	.
Curve:	-
