In all cases, the Authorized Person shall ensure that any Contract Amendment is in the best interest of the City. Contract Amendments should be avoided for Contracts that involve construction subsequent to certification of substantial performance as that term is defined pursuant to the *Construction Act*. The Agent may be consulted with respect to any Contract Amendment.

(3) A Contract Amendment that changes the price of a contract shall contain a corresponding change in the scope of work or terms of reference except in the case of an extension term to an existing Contract which was contemplated in the Bid Solicitation.

(4) Where a Contract contains an option to extend the term such extension shall be exercised in writing by the Authorized Person in consultation with the Agent in accordance with the terms of the Contract with notice to the Agent where:

with the City Solicitor, will consider whether the circumstances are likely to affect the Bidder or Supplier's ability to work with the City, its consultants and representatives, and whether the City's experience with the Bidder or Supplier indicates that the City is likely to incur increased staff time and legal costs in the administration of any dealings with the Bidder or Supplier.
