No. FA2019-20

Seconded By [Signature]

Date Tuesday, March 26, 2019

WHEREAS the City of Greater Sudbury must encourage people to invest in our community;

AND WHEREAS Greater Sudbury must be competitive;

AND WHEREAS it is unacceptable that development charges are halting people from investing;

AND WHEREAS Greater Sudbury must provide the tools to encourage people to spend their money in Sudbury, generating more tax dollars than what our current approach does;

THEREFORE IT BE RESOLVED that staff be directed to come back with a plan on reducing development charges by 50 percent *as well as other strategic alternatives for reduction* without impacting service levels of staff, and reducing the burden on taxpayers by stimulating economic development.
