

Greater Sudbury Child Care Registry

Families **must** register for any of the programs listed in this brochure through the online registry found at www.greatersudbury.ca/childcare. Call 3-1-1 if you need assistance.

Children with Special Needs

Licensed child care programs are inclusive environments which welcome all children as full participants. Child Care Resources (CCR) provides supports to child care centres to make sure children with special needs can participate. Please include information about your child's needs on the Child Care Registry, and speak to the daycare as early as possible about how the centre can best meet your child's needs.

Getting Help Paying for Child Care Costs

Subsidies are available at all of the listed centres. Call 3-1-1 for more information and to see if you are eligible for reduced child care costs.
