

# Furniture and Appliances

Collection of large furniture and appliances is available to low density (six units or less) residential properties on a roadside waste collection route.

Download the Greater Sudbury Waste Wise App, check our online Waste Wise tool or call 3-1-1 to find out if your large furniture and appliance items can be picked up at the roadside.

## Collection Requirements

Furniture and appliances are:

- to be placed in a visible location on the ground as close as possible to the roadway. For example, do not place items out behind shrubs, fences or snow banks.
- to be placed on levelled ground and not on top of snow banks. In the winter, shovel an area that is flat and place your items at this location. We don't want items falling, slipping or tipping over. This is very important for CFC-containing appliances. We don't want damage to the pipes that contain the CFC's. CFC's are considered ozone depleting substances.
- fully assembled / intact, unless otherwise specified.
- **NOT** to be placed on the sidewalk or travelled roadway. This area must be kept clear for road or sidewalk maintenance crews. This is especially important in the winter months.

If you can't meet the above-noted requirements, then the items can't be placed out for collection and should then be delivered directly to the landfill site.

## Items Eligible for Collection

- **Air Conditioners and Air Exchangers**
- **Armoires**
- **Baby Car Seats**
- **Barbeques**
  - Propane tank must be removed and taken to the household hazardous waste depot.
