

## Special Support Program

# Garbage Container Limit Exemption for Pet Waste

## Application Form

This application is for Greater Sudbury households which may need to set out more than the approved garbage bag/container/bundle limit due to cat or dog pet waste.

You may qualify for an exemption for your pet if you currently receive and are eligible for residential roadside garbage collection services from the City of Greater Sudbury.

You must also participate in the City's waste diversion and recycling programs as detailed below.

If the application is approved, all your garbage must be set out in clear bags, with the allowance of one small (grocery bag size) opaque privacy bag inside each clear bag of garbage. The exemption will allow for one clear bag, in addition to the approved garbage bag/container/bundle limit.

*Please note this application must be renewed annually on the service anniversary date for continued service. The exemption will end if you do not renew your application.*

Residents not wishing to participate in this program could purchase garbage bag tags, flush their pet feces in the toilet, apply for a rebate to purchase a dog waste digester, consider hiring a company to remove the pet waste or deliver the extra waste directly to the landfill site.

You will be contacted at the email address or phone number provided on the form when the application is approved, denied or more information is required.

**Your application must be approved prior to placing additional clear bags with pet waste at the curb for collection.**

Allow at least 2 weeks for your application to be processed.
