

September 22, 2026

To: All Pioneer Manor residents, families, substitute decision-makers and staff.

**We are excited to share the news that our move to the Verenda (new area)
will begin September 28, 2026!**

Dear Residents, Families and Staff,

We are very pleased to officially announce that Pioneer Manor has received approval from the Ministry of Long-Term Care to begin moving residents into our new building! After years of construction, planning and preparation, our move will officially begin Monday, September 28, 2026. Residents will transition to the new building one floor at a time, with the move taking place throughout the week.

This phased approach will allow our teams to provide each resident with the time, support and attention needed to make the transition as smooth and comfortable as possible. This is an exciting milestone for the Pioneer Manor community. Our new spaces have been designed to provide a modern, welcoming and resident-centered environment while continuing the care, programs and relationships that make Pioneer Manor home.

What Residents and Families Can Expect

Our team has been carefully planning the move to minimize disruption to residents and ensure continuity of care throughout the transition. Staff will be available before, during and after the move to support residents, orientate them to their new space, and answer questions.

Families and residents had previously received information specific to their loved one's move, including the date their home area will transition and any details they need to know in preparation for moving day. Please see the following information for your loved ones' planned move date/time. Please see the attached information.

To Our Staff

Thank you for the tremendous amount of work that has brought us to this point. Preparing for this transition while continuing to provide high-quality care to our residents has required significant teamwork, flexibility and commitment across Pioneer Manor.

A New Chapter for Pioneer Manor

The move beginning September 28, represents an important milestone for Pioneer Manor and the beginning of an exciting new chapter for our residents, families, staff and community. We recognize that a move of this size can bring both excitement and questions. Should you require any further information or have any questions, please reach out to our team. We are happy to provide support in any way we can. We look forward to welcoming our residents into their new home beginning September 28.

Resident Identification Bracelets During Home Area Transition

In preparation for the residents' move to the new Home Areas, all residents will be required to wear an identification bracelet. These bracelets must remain in place for up to four weeks following the move to support resident safety, identification and orientation during the transition period. The ward clerks are currently making up bracelets for those residents who currently are not wearing identification bracelets, and a staff will be assigned to provide them to the residents.

We encourage residents to continue wearing their identification bracelets beyond this timeframe, as they assist with resident identification during medication administration, activities and medical emergencies. However, following the initial four-week period, continued use of the identification bracelet will be at the discretion of the resident and their family or Substitute Decision Maker (SDM).

Important Reminder: Orientation for Move-In Day Support Persons

If you have completed a One-on-One Support Person Form to assist your loved one on move-in day, and have not yet had your orientation/tour, please contact Darlene Gibbons, Coordinator of Volunteerism and Support Services, 705-566-4282 ext. 3280 to arrange an orientation.

We remain committed to keeping residents and families informed. Regular updates are also available at www.greatersudbury.ca/pioneermanor. As always, please do not hesitate to contact us, should you have any questions.

Sincerely,
