### Notice of Temporary Water Service Interruption

As part of our ongoing redevelopment project, the contractor will be connecting the newly installed water line to the building's current system. To ensure this work is completed safely, the water supply will be temporarily shut down on Wednesday, December 3, 2025, beginning at 8 p.m. The interruption is expected to last approximately two hours. During this period, staff will provide potable water to residents. All care requirements will be addressed by providing baths prior to the interruption and with the use of disposable wipes during the interruption. We appreciate your understanding and cooperation as we complete this important upgrade.
