On March 24, 2020, the Province of Ontario classified the construction industry as essential. Work on the approved 2021 capital budget is ongoing and the City is committed to the planned infrastructure improvements.

Under normal circumstances, the City would hold public information sessions to explain these projects and their impact on communities. Instead, we are publishing information online and asking residents to review these documents from their homes.

Residents can visit our website to obtain information and review the construction plans.
