

Pre-Construction Notice

June 1, 2021

David Street, (Sudbury) McNaughton Terrace Stormwater Treatment Structure

The City of Greater Sudbury will be completing **stormwater improvements** on City owned property off **John Street, (Sudbury)**, between **David Street** and **John Street**.

Construction Details:

- Construction of a cast in place 25ft x 38ft concrete stormwater treatment structure on the existing storm sewer below ground level off of John Street
- Site Excavation and removal of 21 metres of existing storm sewer
- Site access, grading and restoration

Expected Start Date: Summer 2021

Expected End Date: Fall/Winter 2021

The construction phase of the Project is anticipated to be carried out between **July and December**.

We encourage residents to contact the Project Manager or Contract Administrator listed below to obtain further information regarding the work.

Timeline is subject to change

Before Construction Begins:

- Work crews will mark the locations of underground utilities, such as gas, water and cable so that the construction work does not interfere with these utilities.
- Once a Contractor has been selected, affected property owners will receive a construction notice with more information about the work.
- Under normal circumstances, the City would hold public information sessions to explain these projects and their impact on communities. Instead, we are publishing information online and asking residents to review these documents from their homes. Residents can visit our website to obtain information and review the construction plans:
www.greatersudbury.ca/2021construction
- Property owners should redirect to above ground, any roof drains and/or sump pump outlets that currently discharge towards the City owned property.
- **The City is not responsible for damage to any privately-owned items on the municipal right-of-way**
