\*Timeline is subject to change\*

For more information, please visit [www.greatersudbury.ca/2022construction](http://www.greatersudbury.ca/2022construction). If you do not have access to the website, please contact the Project Team members listed below and a package with further project details can be mailed to you.

**Before Construction Begins:**

- Work crews will mark the locations of underground utilities, such as gas, water and cable so that the construction work does not interfere with these utilities.
- Once a Contractor has been selected, affected property owners will receive a construction notice with more information about the work.
- Property owners should redirect to above ground, any roof drains and/or sump pump outlets that currently discharge into the front ditch.
- **The City is not responsible for damage to any privately-owned items on the municipal right-of-way.** Property owners should remove items located within the municipal right-of-way, such as landscaping, fencing, sprinkler systems and decorative objects.
- Once your street has been repaved with new asphalt, roadway cuts to install new utilities will not be permitted for a period of three years. Therefore, you should contact your hydro, gas, telephone or cable providers should you require changes to these services as well as notify the Project Manager below.
- Should you wish to make any modifications to your property entrance, please contact the Project Manager listed below prior to **March 31, 2022**.
