## Update

### Wiltshire Street, Sudbury

### Road Reconstruction & Watermain Replacement

Dear Resident,

With the 2022 construction season coming to an end, work under the City of Greater Sudbury's contract ENG22-11, road reconstruction on Wiltshire Street from Second Avenue to 70m East of Adams Street, will continue into the 2023 construction season.

The remaining work to be completed in the 2023 construction season on Wiltshire Street includes the installation of the concrete sidewalk and asphalt boulevard on the north side from Second Avenue to Adams Street as well as the final restoration of sod and landscaping, and the top layer of asphalt.

Through the 2022/2023 winter season, pedestrian access on Wiltshire Street will be maintained on the roadway as done in previous years. The City will monitor the roadway to ensure that the width will accommodate both vehicles and pedestrians through the entire season.

The City maintains an answering service to take your calls 24 hours a day, seven days a week, regarding urgent matters related to municipal infrastructure. Dial 311 to speak with a live operator.

Should you have any further questions, please contact the undersigned.

Thank you for your patience and cooperation while we make these important infrastructure improvements.

Regards,

Krista Trafford
