Construction Update Culvert Replacement, Notre Dame East at Landry Street, Azilda

The City of Greater Sudbury will be continuing road improvements and culvert replacement on Notre Dame East, between Landry and Swedlund Streets, in Azilda.

The Culvert Replacement was planned for construction in August 2021, and the Summer of 2022. Start of the work was delayed until the Summer of 2023 due to scheduling for relocating overhead and underground utilities, and environmental restrictions on timing of in-water work.

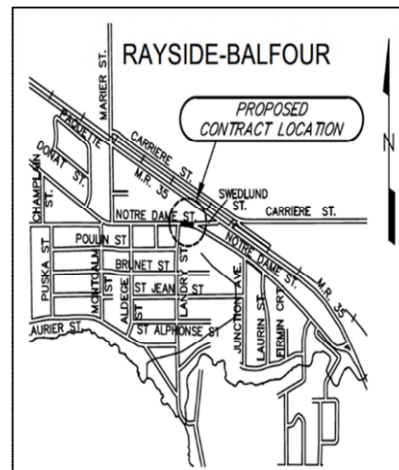

Construction by the City's Contractor, Denis Gratton Construction Limited will begin mid-July 2023 and is expected to be completed October 2023.

Work will typically take place during daylight hours
Monday to Friday.

Final asphalt will be completed in 2023.

Construction Details:

- Culvert Replacement and watermain improvements
- Bus stop relocation to the west side of Landry Street
- Storm sewer improvements
- Roadway restoration
- A limited, full road closure of Landry Street is planned at the Notre Dame East intersection. The Contractor performing the work will install signage in advance notifying of the planned date for the road closure and applicable detour.

During construction, there may be dust and noise in the area. The City makes every effort to reduce the impact to nearby residents and business owners. Thank you for your patience as we work to improve the roads and infrastructure in your neighbourhood. The City of Greater Sudbury and its contractors are committed to public safety and will monitor the ongoing progress of construction.

Construction Notice

	<p>Before Construction Begins:</p> <ul style="list-style-type: none"> Property owners should remove items located within the municipal right-of-way, such as landscaping, fencing, sprinkler systems and decorative objects. Property owners should redirect to above ground, any roof drains and /or sump pump outlets that currently discharge into the front ditch. <p>The City is not responsible for damage to any privately-owned items on the municipal right-of-way.</p>
	<p>Possible Water Service Disruptions:</p> <p>On occasion, during construction, the water supply to your property may need to be shut off. The contractor will provide at least 24-hours notice. If you do not receive advance notice of a water disruption, this may mean an emergency shut-off was necessary. It is recommended that you disconnect any water treatment systems, such as water softeners or filters, during scheduled water service disruptions.</p>
	<p>Traffic:</p> <p>Plans are in place to manage traffic in the area to ensure the safety of workers and residents. You may experience some delays and increased traffic on nearby main and side streets.</p> <p>At times, Notre Dame East may be reduced to one lane of traffic to accommodate construction. A full road closure will occur on Landry Street, south of the Notre Dame East intersection. The road south of this intersection will remain open to local traffic and emergency vehicles at all times.</p>
	<p>Driveway Access:</p> <p>If temporary driveway closures are required, the contractor will provide notice to the affected properties and make arrangements for alternative access and parking when necessary.</p>
	<p>Road and Sidewalk Access:</p> <p>Access for pedestrians will be maintained. Parents are reminded to teach children about road safety in active construction zone areas. Residents who have accessibility needs, such as wheelchair access, are asked to contact the City Field Inspector or Project Manager listed on this notice.</p>
	<p>Emergency Services and Public Transit:</p> <p>Access for police, fire and paramedic services vehicles will be maintained at all times. Public transit detours may occur during construction. Please call GOVA at 705-675-3333 or visit www.greatersudbury.ca/gova/ for information. Should the work affect the school bus route, the Sudbury Student Services Consortium will inform you of any changes to the scheduled route.</p>
	<p>Garbage Collection:</p> <p>Garbage, recycling, and leaf and yard trimmings pickup will not be affected by construction. Please place your waste at the front of your property before 7 a.m. on your regular collection day. If waste collection vehicles are unable to access properties in the construction area, the contractor will transport the waste outside of the zone for pickup. Your garbage, recycling and organics containers will be returned to your property later in the day. Please ensure your containers are labeled with your address so that they can be returned to you.</p>
	<p>Mail Delivery:</p> <p>Should the work affect mail delivery to your home, Canada Post will inform you of any changes to the scheduled route or provide you a location you can pick up your mail.</p>
	<p>Property Restoration:</p> <p>Items located within the municipal right-of-way that are affected by construction will be restored with concrete, asphalt, sod and other landscaping features as required. Typically sod and landscaping will be completed during ideal growing seasons in the early spring or late fall. If you have specific concerns, please contact the City Field Inspector or Project Manager listed on this notice.</p>
