The construction phase of the Project is anticipated to be carried out between June 2022 and August 2022.

Timeline is subject to change

For more information, please visit www.greatersudbury.ca/2022construction. If you do not have access to the website, please contact the Project Team members listed below and a package with further project details can be mailed to you.

Before Construction Begins:

- Work crews will mark the locations of underground utilities, such as gas, water and cable so that the construction work does not interfere with these utilities.
- Property owners should remove items located within the municipal right-of-way, such as landscaping, fencing, sprinkler systems and decorative objects by June 17, 2022.
- Property owners should redirect to above ground, any roof drains and/or sump pump outlets that currently discharge into the front ditch.
- **The City is not responsible for damage to any privately-owned items on the municipal right-of-way.**
- Once Melvin Avenue has been repaved with new asphalt, roadway cuts to install new utilities will not be permitted for a period of three years. Therefore, you should contact your hydro, gas, telephone or cable providers should you require changes to these services as well as notify the Project Manager listed below.
- Construction may reduce traffic to one lane.
  Should you wish to make any modifications to your property entrance or replace an existing culvert, please contact the Project Manager listed below prior to **June 17, 2022**.
