Surface Treatment Fielding Road, Lively

The City of Greater Sudbury will complete **road improvements on Fielding Road, north of the bridge at Memorial Park to Industrial Road, in Lively.**

As part of the 2023 budget, Council committed to an interim repair of the road while we work to develop longer-term solutions to road reconstruction and water and wastewater services. Council has also directed a detailed design analysis for Fielding Road and other industrial areas as part of our Employment Land Strategy to ensure a supply of serviced industrial land available to support economic growth in our city. The compromise of a short-term repair solution will provide additional time to explore a variety of funding opportunities.

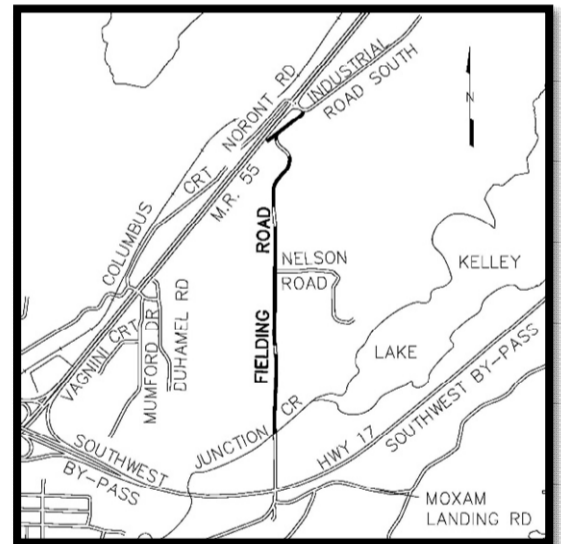

Construction by the City's contractor, **Teranorth Construction & Engineering Limited**, will begin **June, 2023 to September, 2023.**

Work will typically take place during daylight hours Monday to Friday; however, weekend or night work may be required.

Construction Details:

- Overbuilding roadway with 150 mm of new granular material
- Application of surface treatment
- Driveway restoration to match new road elevation

Timeline is subject to change

During construction, there may be dust and noise in the area. The City makes every effort to reduce the impact to nearby residents and business owners. Thank you for your patience as we work to improve the roads and infrastructure in your neighbourhood. The City of Greater Sudbury and its contractors are committed to public safety and will monitor the ongoing progress of construction.

Construction Notice

	<p>Before Construction Begins:</p> <ul style="list-style-type: none"> Property owners should remove items located within the municipal right-of-way, such as landscaping, fencing, sprinkler systems and decorative objects. Property owners should redirect to above ground, any roof drains and /or sump pump outlets that currently discharge into the front ditch. <p>The City is not responsible for damage to any privately-owned items on the municipal right-of-way.</p>
	<p>Traffic:</p> <p>Plans are in place to manage traffic in the area to ensure the safety of workers and residents. You may experience some delays and increased traffic on nearby main and side streets.</p> <p>At times, Fielding Road may be reduced to one lane of traffic to accommodate construction.</p>
	<p>Driveway Access:</p> <p>If temporary driveway closures are required, the contractor will provide notice to the affected properties and make arrangements for alternative access and parking when necessary.</p>
	<p>Emergency Services and Public Transit:</p> <p>Access for police, fire and paramedic services vehicles will be maintained at all times.</p>
	<p>Mail Delivery:</p> <p>Should the work affect mail delivery to your home, Canada Post will inform you of any changes to the scheduled route or provide you a location you can pick up your mail.</p>
	<p>Property Restoration:</p> <p>Items located within the municipal right-of-way that are affected by construction will be restored with concrete, asphalt, sod and other landscaping features as required. Typically sod and landscaping will be completed during ideal growing seasons in the early spring or late fall. If you have specific concerns, please contact the City Field Inspector or Project Manager listed on this notice.</p>
