Oral presentation requested: no

Comments/Suggestions:

Continue to hold City workers accountable to their use of time, with competent supervisors ensuring superior productivity.

Description of project/program:

Snowplowing of additional city sidewalks, if not all of them. This is a safety concern for many of our clients, as well as seniors in our community. I support the proposal presented by the Seniors Advisory Panel earlier this week. Thank you.

Estimated one-time cost:

Presumably some additional equipment would need to be purchased.

Estimated on-going costs:

Presumably additional seasonal staff would be required to drive the equipment.
