Comments/Suggestions:

Thank you to The City of Greater Sudbury on behalf of your most vulnerable population. We are thankful that this city is willing to step up and provide adequate sheltering services.

Description of project/program:

The City of Sudbury Ministry of housing does not receive adequate funds in order to provide sheltering services to Sudbury`s homeless population. The need does not seem to be lessening. The mandate for eligibility to stay at Cedar Place is as tight as possible yet the numbers continue to rise. 2012 had the highest number of users of the shelter since 2007 with over 12,000 nights of accomadation provided. It is hoped solutions will be found for our homeless population but until such a time the need to provide emergency shelter continues to grow.

Estimated one-time cost:

\$230,000.00

Estimated on-going costs:

\$230,000.00 per year

Comments/Suggestions:

The money to run the shelter exceed current operating dollars. The city has helped us with an annual contribution of Top Up dollars to cover the shortfalls. This has been essential to our ability to deliver services

Description of project/program:

The New Life Centre has been providing sheltering services for the City of Greater Sudbury for over 50 years. We are the only residential shelter in the city and we operate in accordance with the standards, policies and procedures of The Salvation Army in Canada. We provide 25 Emergency Shelter beds, we have 15 private rooms, for those requiring longer stays. Our services include nutritious meals.

Estimated one-time cost:

\$155,00.00

Estimated on-going costs:

No on going costs
