

PARIS STREET CYCLE TRACK WALFORD ROAD TO YORK STREET

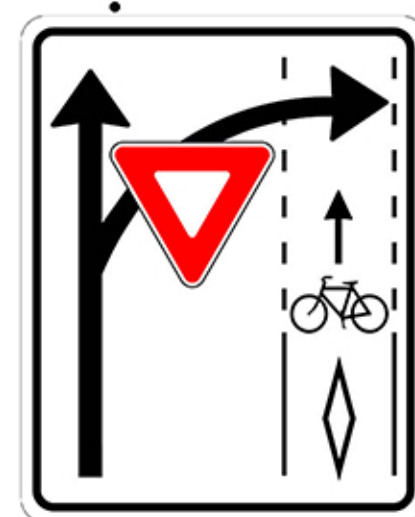

- Curbs at the intersections are being redesigned to minimize potential conflicts between cyclists and pedestrians.
- The new curb design will ensure pedestrians are not waiting within the cycle track to cross the road, where a cyclist may be approaching.
- Redesigned curb will also improve visibility of cyclists travelling straight through the intersection for motorists turning right.

PARIS STREET (MR80)

RIGHT-TURNING VEHICLES MUST YIELD THE RIGHT-OF-WAY TO CYCLISTS TRAVELING STRAIGHT THROUGH THE INTERSECTION

THIS SIGN DESIGNATES WHICH PART OF THE ROADWAY IS FOR USE BY CYCLISTS
